OVERVIEW

- TIME TRAVEL

LEAD-IN

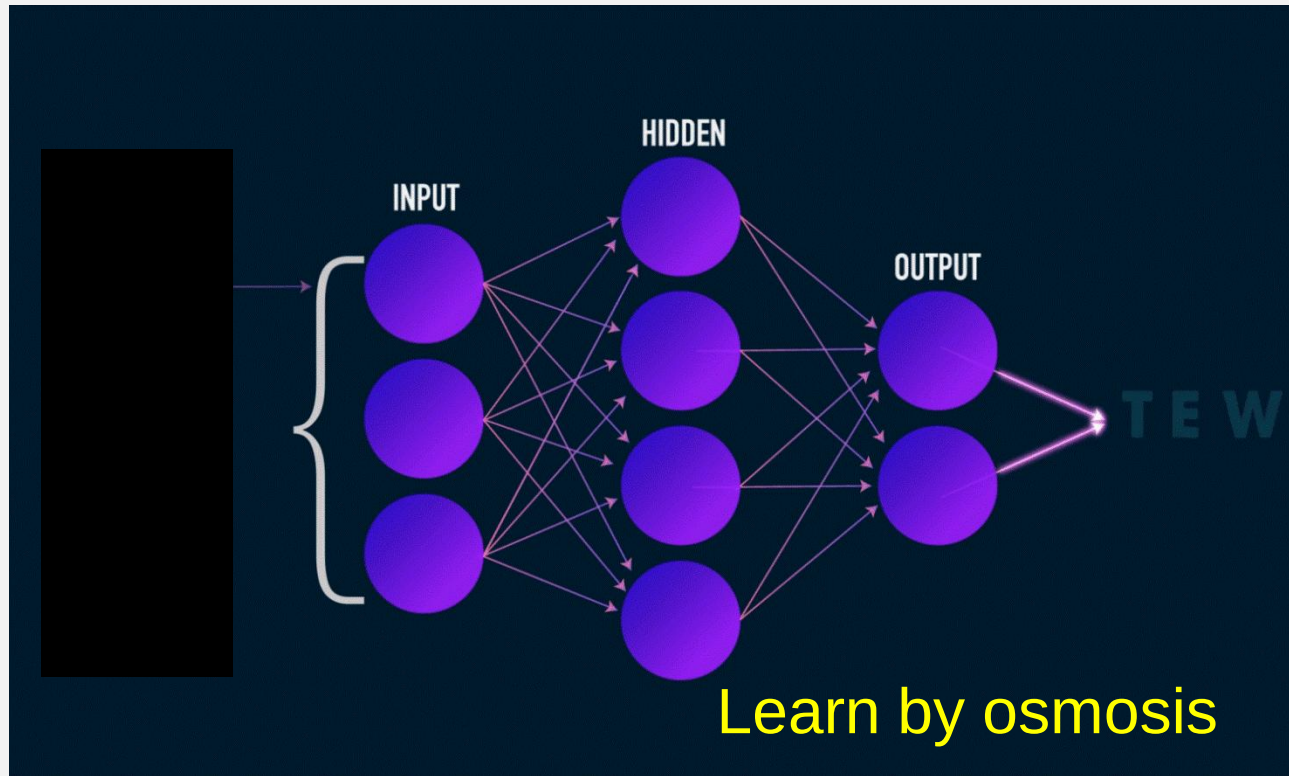

→ *Introduction to Time Travel...*

STRUCTURES

- Like it or not, we're all being shot relentlessly forward.
 - mưa không ngớt?
 - relentless rain
 - weaken [N] vs. let up [I] vs. relent [N→F] vs. abate [F]
 - Hurricane Peter, now weakened to tropical depression status, is bringing more rain to parts of the Caribbean.
 - The rain's letting up — it'll be clear soon.
 - The wind relented by evening.
 - The storm showed no signs of abating.
- WEAKEN: *action*, WEATHER: *agent* **Hypernymy principle**
 STORM, WIND, RAIN → WEATHER: *association*

- Part 1: Time travel to the past

STRUCTURES

- The Big Bang wasn't particularly big, and it wasn't much of a bang either.
 - If you start with a bang, you won't end with a whimper.
 - In 2010, the iPad seemed like the next big thing in computing, but it has gone from bang to whimper.

STRUCTURES

- To cosmologists, it's like winning the lottery.
- All we need to do is to stop time and make it run in reverse.
 - cài số lùi?
 - Put the car in reverse.
- reverse vs. invert

FOOD FOR THOUGHT

REVERSE
direction

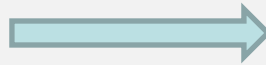

INVERT
position

Quizzes

- tells the story _____.
- In questions, the subject and verb are often _____.
- The government has failed to _____ the economic decline.

direction

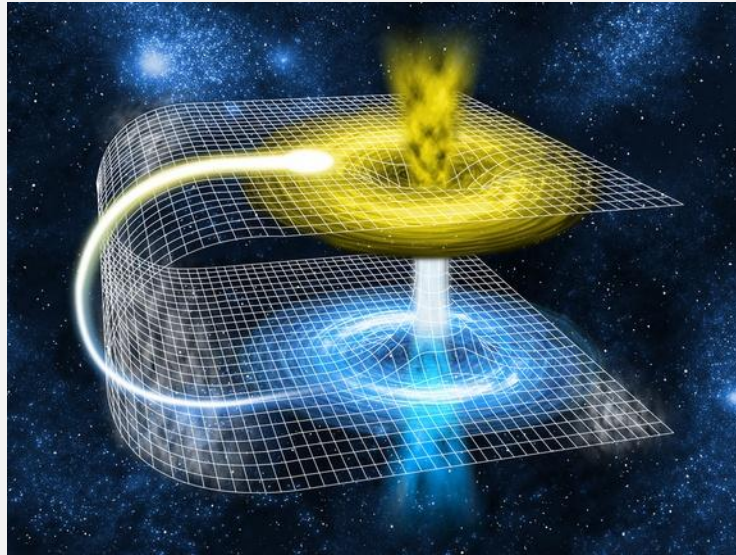

INVERT
position

- Amis tells the story **in reverse**.
- In questions, the subject and verb are often **inverted**.
- The government has failed to **reverse** the economic decline.
- The number 9 looks like an **inverted** 6.
- The experimenter and the subject then must **reverse** roles before the experiment is repeated.

ANNOTATION

Time travel & wormhole

ANNOTATION

Time travel to the past & paradoxes

ANNOTATION

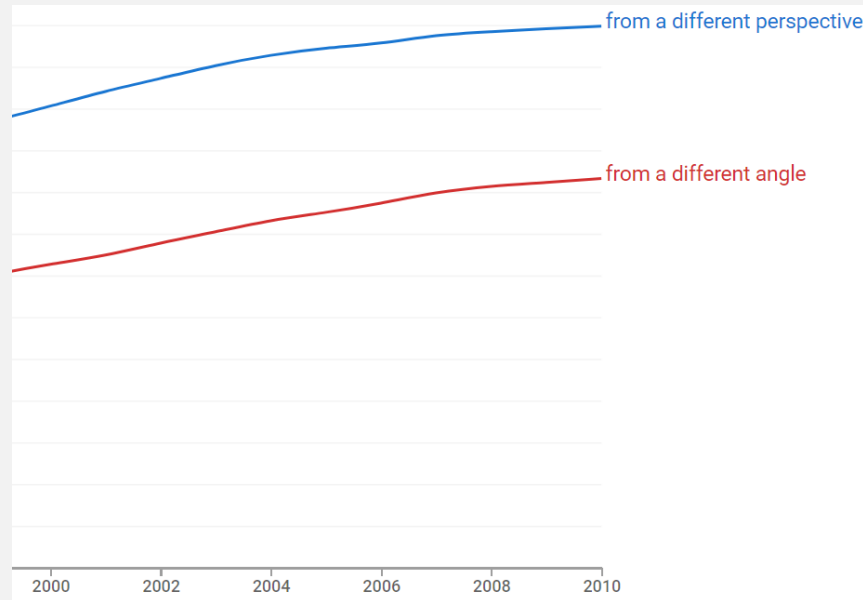

Paradox work-around hypotheses

STRUCTURES

- Time travel was once considered scientific **heresy**.
 - Heliocentrism, in which the Earth and planets revolve around the Sun, was considered **heresy** by the Roman Catholic Church.
- But how **on Earth** [I] do we travel in time?
 - Why **on earth** would he want to do such a thing?
 - = What **in the world** [I] is he doing?
 - Where **in the world** were you when I was in trouble?

STRUCTURES

- [IETLS tips] But physicists covered it from a different angle.
 - He was considering the idea from all angles.

STRUCTURES

- As it turns out... we think they are.
 - It turned out that she was a friend of my sister.

STRUCTURES

- **What's more**, we've even given them a name: wormholes.
- **in addition** [N] vs. **what's more** [I] vs. **furthermore** [F] vs. **moreover** [A]
 - Part-time English classes are offered. **In addition**, students can take classes in other languages.
 - You have a bad attitude, and **what's more**, you're late all the time.
 - I'm not interested in what you are selling. **Furthermore**, I asked your company not to contact me ever again.
 - **Moreover**, statistics show that competition for places is growing.

FOOD FOR THOUGHT
